Confirm[®] 2F EPA Reg. No. 62719-420

Control of Insects in Forests¹ and Trees²

ATTENTION

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- This labeling must be in the possession of the user at the time of application.
- Read the label affixed to the container for Confirm[®] 2F insecticide before applying. Carefully follow all precautionary statements and applicable use directions.
- Use of Confirm 2F according to this supplemental labeling is subject to all use precautions and limitations imposed by the label affixed to the container for Confirm 2F.

Directions for Use

¹Forests include commercial, private and public forestland, conifer release sites, shelterbelts and windbreaks, and forest plantings. Not registered for use on forests in the state of California.

²Trees include Christmas trees, nurseries and plantations, conifer seed orchards, ornamental and shade trees.

Refer to product label for Mixing and Application instructions.

Target Pests	Confirm 2F (fl oz/acre)	Application Timing	Restrictions
bagworms (<i>Thridopteryx ephemeraeformis</i>) browntail moth (<i>Euproctis chrysorrhoea</i>) elm spanworm (<i>Ennomos subsignaria</i>) fall cankerworm (<i>Alsophila pometaria</i>) fall webworm (<i>Hyphantria cunea</i>) gypsy moth (<i>Lymantria dispar</i>) hemlock looper (<i>Lambdina fiscellaria</i>) jack pine budworm (<i>Choristoneura pinus</i>) puss caterpillar (<i>Megalopyge opercularis</i>) tent caterpillar, eastern (<i>Malacosoma americanum</i>) tent caterpillar, forest (<i>Malacosoma disstria</i>) tent caterpillar, western (<i>Malacosoma californicum</i>) zimmerman pine moth (<i>Dioryctria zimmerman</i>)	4 - 8 (0.06 - 0.12 lb ai/acre)	Apply to early instar (1st, 2nd or 3rd) larvae. In general, foliage development should be a minimum of 20%. Uniform coverage of the foliage is essential to provide maximum protection from defoliation and reduction of egg mass depositions.	<ul style="list-style-type: none"> • Do not apply more than 16 fl oz of Confirm 2F (0.24 lb ai) per year. • Chemigation: Do not apply this product through any type of irrigation system.

pine tip moth (<i>Rhyacionia frustrana</i> , <i>R. neomexicana</i> , <i>R. buoliana</i> , <i>R. rigidana</i> , <i>R. subtropica</i>)	8 (0.12 lb ai/acre)	Apply to early instar (1st to 2nd) larvae after each new foliage flush. In general, at approximately 25% shoot expansion.	
spruce budworm (<i>Choristoneura fumiferana</i> and <i>C. occidentalis</i>) tussock moth (<i>Dasychira pinicola</i> , <i>Lophocampa maculata</i> , <i>Orgyia pseudotsugata</i> , <i>O. vetusta</i>)	4 - 8 (0.06 - 0.12 lb ai/acre)	Make application to 4th to 5th instar larvae that are actively feeding of foliage or outside candle caps.	

Because Confirm 2F must be ingested in order to be effective, it is essential that coverage is thorough and uniform. Higher carrier volumes and higher use rates are recommended for very large trees or dense stands and for heavy target pest infestations. A minimum of six hours drying time is required between the completion of application and the onset of precipitation to ensure optimum performance.

Ground Application: Hydraulic ground sprayers should be calibrated to deliver a minimum of 50 gallons per acre. For mist blowers or air blast sprayers, use a minimum of 10 gallons per acre.

Aerial Application: Make applications in a minimum of 1 gallon per acre. Higher carrier volumes are recommended when environmental conditions are less than ideal for aerial applications.

Spray Adjuvants: The addition of agricultural adjuvants to Confirm 2F sprays will improve initial spray deposits, redistribution and weatherability. Place Confirm 2F into suspension prior to adding an adjuvant to the spray mixture. Read and carefully observe the precautionary statements and all other information appearing on all product labels prior to spray preparation.

Note: This product is toxic to aquatic invertebrates. Refer to the Environmental Hazards section of the product label attached to the product container for required protective measures.
